Reason leave of absence

Action Taken To Whom It May Concern: This letter is written on behalf of my patient, Kimberlee McCardel. She has been a patient in my practice of internal medicine for 15 years. Due to escalating stressors in her life dating back over the past two years, it is the opinion of myself as well as her other doctors that the patient begin a medical leave of absence as of tomorrow, 10/23/13. This leave of absence will last at least 2 weeks, until reevaluated on 11/6/13. Sincerely, David Oakley M.D.

David Oakley M.D.
